

Map of the unit: Visiting the Chemical Industry

This shows the relationship between the Storyline, the Activities and the Chemical Ideas.

To aid planning, laboratory-based practical work is indicated by (P), activities involving IT skills are indicated by (IT) and those developing study skills by (S).

ACTIVITIES	CHEMICAL STORYLINE	CHEMICAL IDEAS
VCI 1 Your visit to the chemical industry	VCI 1 INTRODUCTION	
	VCI 2 RESEARCH AND DEVELOPMENT	15.3 The best conditions for the process
	VCI 3 BUILDING THE CHEMICAL PLANT	15.1 The operation of a chemical manufacturing process
	VCI 4 PEOPLE	
	VCI 5 SAFETY MATTERS	
	VCI 6 ENVIRONMENTAL ISSUES	
VCI 7 Setting up a new chemical plant	VCI 7 LOCATION	
	VCI 8 CHOOSING A FEEDSTOCK	15.2 Feedstocks
	VCI 9 MAKING A PROFIT	15.4 Becoming even more efficient 15.5 Costs
VCI 10 Check your notes on Visiting the Chemical Industry (S)	VCI 10 SUMMARY
